Moments in Time...

1941

"The Baptist Pastor's Conference of Greenville city met in a called meeting, at the First Baptist Church, and voted unanimously to recommend to all the churches of the city and county to extend every Christian hospitality to our Soldiers who are spending the weekends in our communities and that our people be urged to open their homes and that the churches

be requested to keep open houses as far as possible on Sunday afternoons for such programs of Christian hospitality as they can arrange. Furthermore, the Pastors go on record as opposed to Sunday movies and other commercialized entertainment on the Sabbath day."
